Amendments to the Specification

Please replace paragraph [0017] with the following amended paragraph:

[0017] A further aspect of the present invention provides an ATV with only four wheels, two of which are front wheels and two of which are rear wheels. The front wheels define the front axis and the rear wheels define the rear axis. Each of the wheels includes an ATV-type tire, i.e. a low-pressure balloon tire having an air pressure of less than 1 kg/cm². Handlebars are used as the steering member.
